If you'd also like to duplicate and print onto DVD-Rs, choose the Bravo DVD Publisher. This model is dual-purpose. It produces both DVD-Rs at 2x speed as well as CD-Rs at 8x speed.

INTEGRATED PRINTING

Bravo incorporates the latest high-resolution ink-jet printing technology. You'll be able to produce stunning graphics, photos and text with incredible, photo-realistic 2400 dpi print resolution. Using inexpensive and readily available printable-surface media, Bravo prints directly onto the surface of discs.
